My favorite subject is English. The first reason I like this subject is that it is a core subject which is vital and essential in my career path.
I found her lessons interesting

The screenshot displays the user interface of a team communication application. On the left is a sidebar with navigation icons for Dashboard, Home, DMs, Calendar, Activity (selected), and More. The main content area is split into two panels. The left panel, titled 'Activity', shows a feed of system and user notifications, including mentions of the #team-chat channel and a file upload. The right panel, titled 'team-chat', shows a chat interface for a channel with 8 members, including a channel description, a list of recent messages, and a photo of a group of people. At the bottom is a message input field with icons for attachments, mentions, and formatting.

A large, red fire door with multiple vertical glass panels. The door is closed, and the glass panels reflect the surrounding environment, including a fire truck and some greenery. The door has a central handle and a lock mechanism.
