Database Design

UI Design – Give feedback

The image shows a user interface for a team chat application. On the left is a sidebar with navigation options: Dashboard, Home, DMs, Calendar, Activity, and More. The main area is divided into 'Channels' (team-chat, project-gizmo, genz-team, daily-meeting, retro) and 'Direct messages' (Nathan Wood, Ashley Adams, Sarah Johnson, Mark Brown, Ashley Watson, John Davis). A 'Give feedback' modal is open in the center, titled 'Give feedback to MentorHub'. It contains a text area for summarizing feedback, a warning not to include confidential information, a checkbox for contact permission, an email address field, an optional information field, a screenshot checkbox, and an image upload area. At the bottom of the modal are 'Cancel' and 'Send to MentorHub' buttons. The background shows a chat window for 'team-chat' with 8 members and a message input area at the bottom.
